

KOL ISHAH The Rabbi is a Woman

a documentary film by Hannah Heer

KOL ISHAH: THE RABBI IS A WOMAN opens a window into the world of four diverse women rabbis, including **Rabbi Laura Geller**.

“*Kol Ishah*” means “woman’s voice” in Hebrew. The documentary shows how the rich and complex nature of Judaism enables these four women rabbis to adapt religious texts and passages to reflect their particular experience, and to be able to embrace - and be embraced by – their communities.
